

# CONSTRUCTION ENGINEERING

**JUNE 2009 TO FEBRUARY 2011**

**CONSTRUCTION COST:**

\$26,000,000

**KEY PROJECT STAFF:**

**MATT HAHM, PE**

PROJECT MANAGER

**RONALD LA PORTE**

MATERIALS MANAGER

**DAVID DEKELAITA**

CONSTRUCTION INSPECTOR

**THOMAS D'AMICO**

CONSTRUCTION INSPECTOR

**PRIME:**

Collins Engineers, Inc.

**CONTACT:**

Steven Miller

**SERVICES & SOLUTIONS**

- General Construction Inspection
- Erosion Control Inspection
- Survey Verification
- Drainage Inspection
- Sub-Grade Inspection
- Gravel Base Inspection
- Base-Course Asphalt
- Concrete Surface
- Final Inspection

## **IH94 N-S FREEWAY: CTH C INTERCHANGE & RAMPS, IL STATE LINE TO CTH C TO STH 50 KENOSHA COUNTY, WI**

M Squared Engineering, LLC (M<sup>2</sup>) is currently providing construction inspection services and assisting Collins Engineers in administering the construction contract. Work performed includes interpreting plans, specifications, and special provisions. Inspection includes drainage, sub-grade, gravel base, concrete, curb and gutter, base course asphalt, concrete pavement, electrical and performing survey construction verification.

The Kenosha County segment is part of the 35-mile I-94 North-South Corridor in southeast Wisconsin. The entire project runs from the Illinois state line to Mitchell Interchange which includes the WIS 119 Airport Spur to General Mitchell International Airport. Construction began in 2009 and will continue through 2016. Additional lanes will be added in each direction for a total of eight lanes. The project will improve safety and help ease and modernize this important transportation artery.
